BOOK OF DRINKS

Our small collection of booze is geared towards the Iberian Peninsula with a strong focus on Spain, without neglecting close neighbours Portugal or failing to represent the local scene that produces some of the best plonk in Oz.

We hope you like a drink as much as we do.

Salud.

RESERVE glass list

At Duende we're committed to providing our guests with a vast array of exciting beverage options. We also love a gadget, so we've combined the two to bring you this – our premium selection of wines by the glass.

Each glass is poured through argon gas using the Coravin™ wine-save system, to ensure every last drop is preserved. The system works by infiltrating the bottle via an ultra-thin needle through the cork, meaning there is no need to open the bottle. When the needle is removed, the cork closes back up, preventing any oxygen from entering the bottle. Thus, we are able to offer you some very special wines to try by the glass or carafe at accessible price points!

Ask our knowledgeable team if you wish to know more about any of the wines in the range, or the Coravin™ system.
